

Contaminated Shellfish Harvest Licence

form date 08/06/2009

Request for Amendment to Licence Conditions

Licences for contaminated shellfish harvest licences are issued by the **Pacific Fishery Licence Unit** (PFLU) of Fisheries and Oceans Canada (DFO). The PFLU accepts licence applications, licence fees, harvester lists and amendments to harvester lists, and issues licences.

In addition to the licence, an **Amendment to Licence Conditions** must be requested from the **Depuration Fishery Manager** to authorize all of the *areas of fishing, species and amounts*. A current amendment to licence conditions must be attached to the licence prior to fishing. Copies of this form are also available on the DFO website at:

http://www.pac.dfo-mpo.gc.ca/ops/fm/Licensing/Default_e.htm
