PART D: HOW DO YOU WANT TO RECEIVE YOUR AMENDEMENT AND CONFIRMATION:

“FROM” (see Part A): Email: _____

“TO” (see Part A): Email: _____

REQUEST FOR “TEMPORARY” REALLOCATION OF CHUM HOLDINGS GUIDELINES FOR AREA H AT and FAT LICENSED SALMON VESSELS

This form must be completed if you wish to transfer all or a portion of your Johnstone Strait Chum holdings (boat days) to another Area H vessel.

Instructions:

- 1) BOTH vessels must have a valid Area H (F)AT licence with 2025 Conditions of Licence and all fees paid prior to reallocation of any Chum holdings (boat days). Where the Department has received for processing two or more conflicting requests for re-allocation, all of the requests for reallocation will be denied.
- 2) For temporary Chum boat day reallocations, only one owner of record or authorized signatory of the licence eligibility holder is required to sign unless otherwise stated. If the vessel owner is a company, the Pacific Fishery Licence Unit must have on record a copy of either a confirmation of Signing Authorities or an Amendment to confirmation of Signing Authorities form advising who the signing authorities for the company are.
- 3) **A valid licence amendment must be on record with the Department while the vessel is engaged in fishing.**

Reallocation Guidelines

- 1) Upon application, vessel owners will be permitted to make unlimited temporary reallocations of Chum holdings (boat days).
- 2) Temporary reallocations of Chum holdings will be expressed as boat days and will be added to the receiving vessel's number of boat days.
- 3) Chum holdings (boat days) may only be transferred between Area H vessels (not between different gear types).
- 4) Only unfished boat days may be reallocated. A day is considered fished when a start fishing report is filed. Transfer of partial days is not permitted.
- 5) Temporary reallocations will be for the current year only.
- 6) Each vessel will be assigned nine (9) boat days in Fishing Period 1 (Oct. 12/2025 - Oct. 31/2025). The maximum amount of boat days that can be held is 19 days, as one day in Fishing Period 1 will be closed during the first day of the seine fishery (Oct. 21/2025). Fishing Period 1 may be extended in-season and any previously transferred boats will remain valid.
- 7) For 2025, Area H will be limited to a fleet wide boat day cap of 180 days. Boat days will be monitored in season, and the fishery may closed on short notice when it is anticipated the maximum number is reached.
