REQUEST FOR “TEMPORARY” REALLOCATION OF SOCKEYE ITQ HOLDINGS GUIDELINES FOR (F)AT AREA H, (F)AS AREA B and (F)AG Area E LICENSED SALMON VESSELS

This form must be completed if you wish to transfer all or a portion of your Fraser River Sockeye holdings to another Area H, Area B or Area E vessel.

Instructions:

- 1) BOTH vessels must have a valid (F)AT Area H, (F)AS Area B, or (F)AG Area E licence and all licence fees must be paid prior to the reallocation of any Sockeye holdings.
- 2) For temporary Sockeye reallocations, only one owner on record or authorized signatory of the licence eligibility holder is required to sign unless otherwise stated. If the vessel owner is a company, the Pacific Fishery Licence Unit must have on record a copy of either a Confirmation of Signing Authorities or an Amendment to Confirmation of Signing Authorities form advising who the signing authorities for the company are.
- 3) A valid licence amendment must be on record with the Department while the vessel is engaged in fishing.**

Reallocation Guidelines:

1. Upon application, licence eligibility holders will be permitted to make unlimited temporary reallocations of Sockeye ITQ.
2. Sockeye ITQ may only be transferred between Area H and/or Area B and/or Area E vessels (e.g. Area H or B or E to Area H or B or E).
3. Only uncaught Sockeye ITQ may be reallocated. Sufficient quota share (%) must be retained to balance all catch to date.
4. Reallocations of Sockeye ITQ for the season will be expressed as a percentage. Sockeye ITQ may also be transferred in pieces and will not affect the quota share.
5. To transfer the entire Area H quota, the percentage transferred is 0.10435% of the TAC ($4.8\% \div 46$). The 4.8% is Area H's allocation of Fraser River Sockeye Salmon.
6. To transfer the entire Area B quota, the percentage transferred is 0.35402% of the TAC ($48.5\% \div 137$). The 48.5% is Area B's allocation of Fraser River Sockeye Salmon.
7. To transfer the entire Area E quota, the percentage transferred is 0.10040% of the TAC ($25.1\% \div 250$). The 25.1% is Area E's allocation of Fraser River Sockeye Salmon.
8. Temporary reallocations will be for the current year only.
