Boating Around Killer Whales
South Coast of BC - 2019

Boaters need to be aware when boating around killer whales. Always slow down when killer whales are near, if safe to do so.

Rules that apply year-round:
- Keep 200 metres away from all killer whale populations in B.C. and the Pacific Ocean.

Rules from June 1 until October 31 in critical habitat:
- Keep 400 metres away when you see any killer whales.
- No fishing or boating around certain sections of Swiftsure Bank, off the east coast of Saturna Island and south-west of North Pender Island.

Additional ways you can help:
- Go Slow! Reduce your speed to less than 7 knots and avoid fishing when you’re within 1,000 metres of a killer whale.
- Turn off echo sounders when not in use, and engines to neutral idle when within approach distance of a killer whale.

Please help protect Southern Resident Killer Whales! They live in the southern coast of British Columbia and are endangered.

Report violators to Fisheries and Oceans Canada:
1-800-465-4336

If you have any questions about the Interim Order, please contact Transport Canada at:
TC.SRKW-ERS.TC@tc.gc.ca

If you have any questions about fishery closures or boating around whales, please contact Fisheries and Oceans Canada at:
DFO.SRKW-ERS.MPO@dfo-mpo.gc.ca

It's the law!
- No fishing or boating around Swiftsure Bank, east coast of Saturna Island and south-west of North Pender Island. It’s the law!

Avoid Whale Sanctuary

No fishing or boating around Swiftsure Bank, east coast of Saturna Island and south-west of North Pender Island. It’s the law!

Reduce Speed & Avoid Fishing

Reduce your speed to less than 7 knots and avoid fishing when you’re within 1,000 metres of a killer whale.

Reduce Vessel Noise

Turn off echo sounders when not in use, and engines to neutral idle when within approach distance of a killer whale.
In all Yellow and Orange Areas (critical habitat), vessels:

- Must keep 400 m away except for vessels in transit. Some whale watching operators can view non-Southern Resident Killer Whales up to 200 m if they meet specific conditions.
- Should turn off echo sounders when not in use.
- Should turn engine to neutral idle when within 400 m of a whale.

In all Orange Areas, vessels:

- Should avoid fishing within 1000 m of killer whales.
- Should go slow (7 knots or less) within 1000 m of killer whales.

In all Red Areas, vessels:

- Must avoid Interim Sanctuary Zones (Accessing a residence or business on N. Pender or Saturna Island; vessel/person fishing for FSC or domestic purposes pursuant to a treaty; Indigenous persons exercising an existing right, other than for fishing for non-commercial purposes, are exempt).

Pink Outline Areas:

- Fishery closures for recreational and commercial salmon (August 1-October 31).

Blue Outline Areas (coordinated by ECHO Program) (Large Commercial Vessel Measures - Voluntary):

1. Haro Strait and Boundary Pass vessel slowdown trial.
2. Strait of Juan de Fuca inshore lateral displacement trial.

Marine Safety takes precedence!

If it is unsafe to comply with the rules, vessel operators are exempted (i.e., vessels in distress, providing assistance to a vessel or person in distress, and avoiding immediate or unforeseen danger).

Know before you go!

Be aware of all rules and regulations that impact vessel movements and activities.
